

### \*\*\*AON/AXA ASSESSMENT PROGRAMME\*\*\*

From April 2005 AON and AXA have devised a Skills Training and Assessment program that will be administered by Instructors affiliated to recognised Training Organisations. The Program's objectives are simple: to improve the skills of riders and to consequently reward them through premium discounts.

It caters for all skill levels from the person purchasing a motorcycle for the first time to the very expert rider.

The skills program is a scored assessment that measures the skills of a rider.

Depending on the level of skill demonstrated, a rider can achieve premium reductions of up to 33%.

The Skills Assessment and Training Program may be undertaken with any recognised Motorcycle Instructor on the list on our website [www.aon.ie](http://www.aon.ie)

**Of course while Training is not compulsory, it is greatly encouraged. Apart from the premium benefit we feel that participation in the programme will teach the rider skills that we believe will ultimately save lives and prevent serious injury.**

Below is a list of available discounts. If successful on the Aon/Axa assessment programme a Grade 2, 3 or 4 will be awarded.

Result	Description of Skill	Known tests of this skill level	Discount
Grade 1	rider exceptionally skilled, rides flawlessly at all times and in all conditions	RoSPA Gold, RoSPA Silver, Police bike riders	Full licence rate less 30%
Grade 2	highly skilled and very safe rider in all road and weather conditions	IAM advanced, RoSPA bronze, AON/AXA Skills Assessment pass with a minimum of 38 points	Full licence rate less 15%
Grade 3	full or provisional licence holder that can ride safely under all normal conditions, on all road types and can overtake safely	AON/AXA Skills Assessment pass with a minimum of 24 points	Full licence rate less 10%
Grade 4	Provisionally or fully licenced rider, safe enough to ride unaccompanied in all normal conditions	AON/AXA Skills Assessment pass with a minimum of 14 points, full licence	Full licence rate
